Suggestions are Made.

To the Editor of the Engle: The fake newspaper correspondents, in a letter to the Cincinnati Enquirer of rent date, with a scare head "Prairie Dogs Eating Kansas," accompanied with map representing the state from Popeka to the mountains, which shows the state itation of life, cave that of prairie dogs, or office all day studying now you will their heads protruding from the ground, covering the entire distance. The Chamber of Commerce will do a good job for Wichita the day they decide to go after those fellows. They can be driven from the town. Some of them are getting a living from our merchants.

If I owned a business room that was vacant I would not allow theatre comers, but would keep the room, windows counters and shelving clean and inviting.

2.00 New York city to Los Angeles, so that the trip could be made in sixty hours.

If I did nothing more for the city than secupy a rentted building and sell goods, never contribute or subscribe money for public enterprises, I think I would not criticise the action of the Commercial Club or the Cnamber of Commerce. I would hold my tongue

And now that the fire ordinance is so dreadfully pulled out of shape that its most admiring friends would not recognize it, by allowing the Unitarians to move their building, which was stendng on the corner right up against a sixstory brick business house, and re-shingle and build an addition to it, Market street an never hope to improve as long as Jones, Eva old livery stables and shantles are allowed to be rebuilt in violation to the fire ordi-

I would declare the Orient rallroad propthe warmest piece of not air that has blown against the fown since the Guesse factory was proposed. Let us go after a road that runs through the great Mcharter, Allie McDaniel, Effic (2) McCurdy, Agnes cition off on the ground that it is about Allister coal helds and timber hinds of Arkaness and touching the Mississippi river independent of Kansas City's busing the fake-and is already within sixty.

Scene on a Topeka avenue car: Passenger No. 1, to conductor-What street is this, please? Passenger No. 2-He don't know,

Conductor-Don't I? Passenger No. 2-Why don't you tell the name of the street, then? Conductor-Nobody has asked me to.

A distinction and a difference: Yesterlay the kids were out in full force with their sleds; the streets were full of the pretitiest, sweetest little girls and manly, red-cheeked boys, such as cannot be found in any other country on earth. They were all hooking on to any vehicle that chanced to come along. A great Erichs, Adam Emmy drivers would stop and let them Elliott, A. Eignew, John hook on until sometimes they would reach built way across a block, and then trot off with them, listening to their rippling volces as they scooted along in the snew. The difference was to be seen in Peatherstone. snow. The difference was to be seen in cocasional old hear coming along who would yell at the children and his team alternately, displaying an ugly temper, green, Mr. and Mrs. Williams, J. C. Williams, J.
